Ever wonder what the Museum is like ... after dark?

Highlighting the exhibit *Digital Darkroom* from the Annenberg Foundation currently on view, you will have the opportunity to use Augmented Reality technology to go on an out-of-this-world scavenger hunt! This, and so much more, promises to make our *Night at the Museum* truly a night to remember. We hope that you come explore the dark side of the AMST!

Anyone wishing to help with planning, prizes or volunteering for the evening, please contact the Education Department at 825-3504
